## PROJECTS

### ODEON THEATER,

I made a full-stack project of a theater using MERN Stack. That Shows all the available shows and helps users to book tickets.

### Weather Report,

This Project is made with the help of Application Programming Interface (API's). In this project users can find the weather report of any area just by entering the name of the city.

### Instagram Clone,

Using React js and Firebase, I made the Popular social site, Instagram Clone. It has many features like users can post, like, comment and share things here.

## EDUCATION

### Lovely Professional University, Phagwara, Punjab — B.Tech Computer Science and Engineering

April 2020 - August 2024

CGPA - 7.9 (till 4th sem)

I learned many courses in my degree till now like Data Structures and Algorithms, Database Management, Operating Systems, Computer Networks etc. which helped me understand the fundamentals of Computer Science. I also became a member of some organization like I was senior graphic designer at Coding Ninjas LPU.

### Maharaja Aggarsain Sr, Sec. School, Tosham — XII th

April 2018 - Marc 2019

I completed my XII th with Physics, Chemistry, Mathematics(PCM) securing 83% marks.

I was the captain of the Physics and Innovation club in my school.

## SKILLS

Languages : C, C++, Python

Full-Stack Development
